CA=Cab-To-Axle || SD=Sides || LS=Long Sills || BD=Barn Doors || DRW=Dual Rear Wheels || * Curb Side Folds Down
DoveTail = 48" & Ramps are 5' (2pc.) all models

Our *GrassPro* bed is built to carry the load. It's design includes structural channel cross members, structural long sills and 1/8" TP steel floor to make this one tough landscape body. Our HD bulkhead & box is the toughest in the industry. Recessed lights and a quality wire harness add even more value to your investment. Standard is a Powder Coat black finish to stand up to the elements. Folding sides & a 2pc 5' ramp gate makes this bed extremely versatile.

"Quality Truck Bodies, Engineered to Last"
